## SEPTEMBER

Could it be? It seems as though we had just finished the '56-'57 school year . . . but yes . . . September was here once again and the doors were swung open to new faces, new classes, new problems, new ideas, new joys, new activities. Much . . . much . . . much was done by the end of the month. Clubs were organized . . . their members elected . . . the football team's strength was tested . . . new subject matter was confronted in each of the three courses . . . General, Commercial, and College Preparatory . . . each containing new and challenging ideas. Schedules, courses, . . . activities . . . all problems were under control by the end of the month . . . satisfaction and happiness was evident from a year well begun.

In October, as well as September, as the newness of school wore off, the cheerleaders, as usual, zealously gave support and color to the sport of the season . . . football. The Junior Class began its long and arduous task of making money for the Junior-Senior banquet and dance by selling candy apples and fudge.

## OCTOBER

## NOVEMBER

In November we paused for awhile in our studies to remember Thanksgiving . . . In December the sport emphasis was on basketball . . . the Devils were under way again . . . we anxiously awaited the Christmas concert . . . Winter Wonderland.

## DECEMBER

## JANUARY

Before the excitement of Christmas was over January came with a new year and the Junior Class play . . . January brought exams . . . last minute cramming and fingernail biting (especially for the Seniors) but it was soon all over . . . February was a month for Sweethearts . . . candy on the fourteenth and then the Valentine Dance and the King and Queen of Hearts.

## FEBRUARY

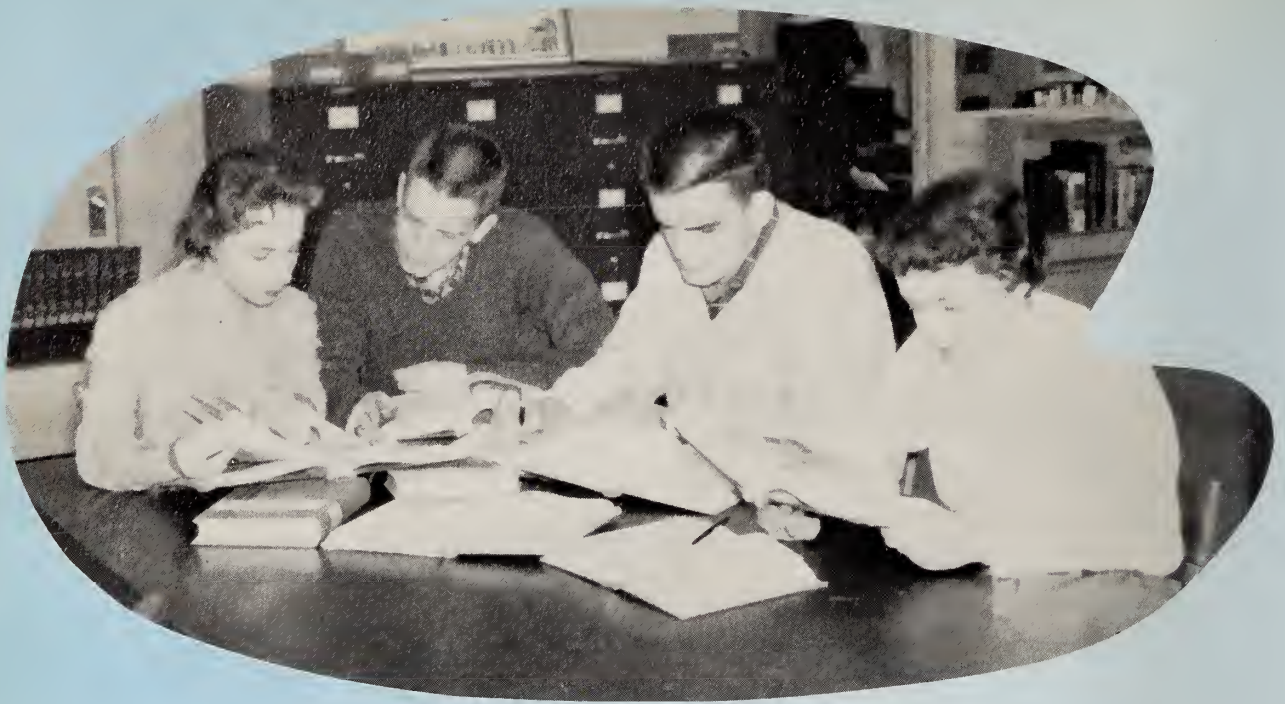

## MARCH

March and another sport was under way, baseball . . . Spring and Junior-Senior were just around the corner, and the Juniors were laboring nightly to make the occasion the best yet . . . the Star Room came with March, also . . . April brought that long-awaited day in June one step nearer for the Seniors.

## APRIL

## MAY

May came and with it were the final exams, May Day and the May Court, Junior-Senior, and Student Council President and Chief Cheerleader elections . . . June arrived and the Seniors were in a daze . . . the caps and gowns had come, invitations had been mailed and at last the night arrived. After graduation was over the doors of G.H.S. closed not to open for us again, but we will always remember . . .

# ADMINISTRATION

This year Grainger High gained a new principal. Mr. Mock took over in September of 1957 and has guided G.H.S. with a firm hand.

The faculty of G.H.S. has been instrumental in molding the lives of their students. These teachers spend long hours after school teaching, guiding, and helping students in many ways. There have been times when the tests were too hard, the homework was too long, and the study periods too short; but to you, our faculty, we say, thank you.

Dear Mr. Horne,

We, the students of Grainger High School, thank you for the many years which you have devoted to Grainger High School and its students. We realize that the high academic standards which our school has attained and maintained could not have been possible without your guidance. Your personal interest in the needs and activities of young people has enriched the lives of many of us, and we are grateful.

We wish you success and the best of luck in your new position.

Sincerely yours,

# GENERAL COURSE

One of the courses offered to students at Grainger High School is the General Course. This course is not designed to prepare a student for college, but it offers a wide range of options to the student, allowing him to select subjects which will enable him to earn a living after he graduates from high school. Four units of English, two units of science, one unit of mathematics, one unit of physical education and health, one unit of history, and one unit of Junior Business Training—these are the basic requirements for completion of the General Course. Other units are required in the fields of Home Economics, Mechanical Drawing, Industrial Arts, and Auto Mechanics.

# COLLEGE PREPARATORY COURSE

Grainger High School has an excellent College Preparatory Course. It offers a wide variety of subjects to students who are preparing for college work. The requirements in this course differ greatly from those in the other two. Four units of English, three and one-half units of mathematics, two units of science, two units of history, two units of a foreign language, and one unit of physical education and health are required. To obtain the sixteen and one-half units needed for graduation, the student must take electives to supplement the required subjects. Among the electives offered are trigonometry, solid geometry, journalism, and oral English. In any course electives may be chosen from the required subjects of any other course. All tenth grade students take driver training under any program of study.

# CLASSES

These are your classmates. They are great people and you know it. They help you with all types of problems. There is almost nothing that cannot be borrowed from them—notebook paper when you run out, lunch money, and even, sometimes, their dates. They have come up with you from those first days as Freshmen until you walk down the aisle to the tune of “Pomp and Circumstance” at Commencement. They have been (and it is hard to realize it is all over) advisors, buddies, friends, and sometimes enemies. These are your classmates: This is your **STUDENT BODY**.

MARIE SUTTON, PRESIDENT

## SENIOR CLASS HISTORY

1958: This is the year for which we have all been waiting, OUR SENIOR YEAR. Before too long we will be marching down the aisle of the Jesse W. Grainger Auditorium to receive our diplomas. With this realization, we find it hard to keep from remembering our last 4 years' activities at Grainger High School.

We came into high school as Freshmen in September, 1954. At last we were in high school! As our Freshman officers we elected Charles Lewis, John Laws, Jackie Kelly, and Pat Leonard to lead us.

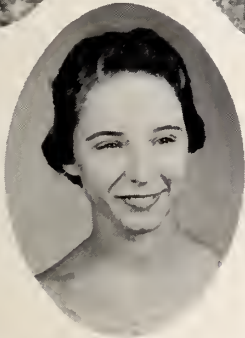

We felt a little older as Sophomores and took our studies a little more seriously. Bobby Alexander, John Laws, Judy Smith, and Charles Lewis were our officers this year. This was the year when we dissected frogs and took Driver's Education.

As Juniors we took our responsibilities very seriously and devoted much of our spare time to planning and raising money for our Junior-Senior Prom. Our big money-raising projects were the Junior Play, The Phantom Tiger, and the Womanless Wedding. This year Jean McNew, Marie Sutton, Mary Catherine Baker, and Nan Lucas led our class.

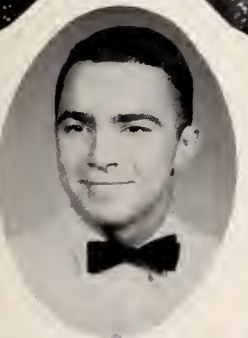

This, our last year at Grainger High School, has also been a memorable one under the leadership of Marie Sutton, John Laws, Judy Smith, and Wayne Attkisson. The Senior Play, "The Return of Captain Kidd," was a large success. As we leave school, we know that we have learned and loved learning, and that, while we take with us wonderful memories, we leave a little bit of us at Grainger High School.

"BIG RED"

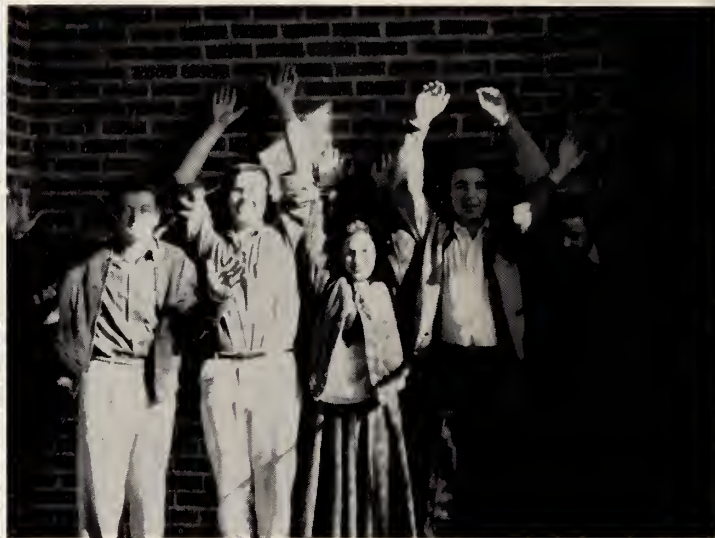

"Mrs. Crane's car seems to be missing."

Just a bunch of "stump-jumpers."

"If you can't convince 'em, confuse 'em."

Inside the prison walls.

"They who go around in big circles shall be known as big wheels."

"Use your head—it's the little things that count."

Telling "war stories."

"Think!—It may be a new experience."

Something to break the monotony.

"The coast is clear."

"Not a boy in sight."

"We'll be glad to help you out, which way did you come in?"

"How's the weather up there?"

"Yak! YAK! YAK!"

Arthur Godfrey and his uke?

"Oh, you ba-a-ad boys!"

"Poor little fellow."

Car trouble?

Such intense concentration!

"First of all, you put your fingers on the keys."

"Hello, down there!"

"Isn't he strong!"

"Fill 'er up."

"I helped win that one."

Reading corner.

Just reminiscing.

"What? Me worry?"

"And away we go!"

It must be "Sadie Hawkins' Day."

"A toast to the Senior Class!"

# SENIOR CLASS PLAY

## "CAPTAIN KIDD'S RETURN"

FRANCIS DAIL, PRESIDENT

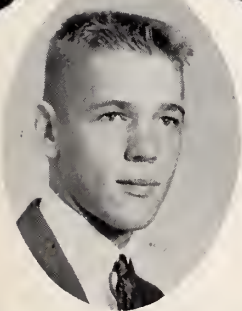

## JUNIOR CLASS HISTORY

The school year 1957-58 was wonderfully exciting for the members of the JUNIOR CLASS. When we came back to school in September, we realized we had finally made the grade. At last we were upperclassmen. How young those underclassmen looked! Could we have been like that! In a short time the cloud of events enveloped us. Our officers for the year were Francis Dail, Howard Dawkins, Polly Barnes, and Jimmy Hearn.

We realized that we were responsible for the main social event of the year, the Junior-Senior Prom. We had to raise money, which we did by having dances, having the annual Junior Class play, and any other way we could.

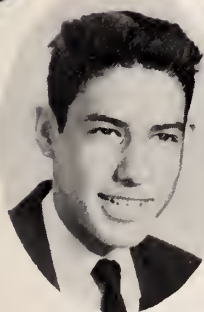

It wasn't all fun, however, for the work was harder than it had even been. A few of us tried to choose a college, but most of us weren't successful. Before we knew it, the Prom we had worked on so hard was over, and then the year ended. And next year we will be "Seniors at last!"

## JUNIOR AUTOGRAPHS

Tony,

I have enjoyed being your friend and I hope we will always be friends. Remember your birthday party? Gee, didn't we have a ball? Remember always the times we have had at "Hill View" and the show Jerry Lewis played in, I'll never forget that bad kid and her Mother!!!!!!

When we were kids I remember when you and I use to play at my house. How about the time the "Wast Nest" you threw on my head, I couldn't do any thing but hurt and cry.

May we have as many good times like that again.

I'll always remember you - I mean I will - go "Cat" before you get too old.

Love  
you  
J. G.

# ACTIVITIES

Our clubs function in many and various ways, but in every case, students learn to express themselves, and thus gain self-confidence while enriching their school experience. Whether the end in view is a project, a dance, or a planned trip, ORGANIZATIONS keep the student body on the go.

No matter where your interests lie, there is an organization tailored for you. There are special interest groups for those of us interested in teaching or nursing. For those interested in Latin or Science, there are groups with the same interests. Organizations run the gamut from "A" to "Z," offering in their different ways, something to interest and broaden the horizon of every student in school.

## JUNIOR HISTORY CLUB

The Junior History Club, composed of eighth and ninth graders, has been in existence about four years. Their main objective has been to acquire a keener knowledge of local history.

These enthusiastic students have set the pace for achievements in a very important subject, history. The club means a great deal to the eighth and ninth graders and is a club of which Grainger High is proud.

# THE SCIENCE CLUB

The purpose of the Science Club is to instill and cultivate an interest in Science. At the beginning of the year the club divided into interest groups, the most popular and outstanding of which were the hunting and fishing, nursing, and engineering groups. Speakers, films, and field trips constituted the programs. Advisors for the group were Mrs. Ramseur and Miss McClees.

## SAFETY PATROL

While remembering the cold, wet, dreary mornings of last winter, we can see the safety patrol, braving these surroundings, ably directing the traffic around the circle. But traffic jams are not the only worries for the boys in the round, white helmets and white belts. Traffic jams of people at the stadium during the football season were eventually worked out by the Grainger High School Safety Patrol. This patrol was organized in 1957 by Mr. Amos Sexton.

MUSIC

There are two music departments of Grainger High School; the Band and the Choral Department.

The Band is composed of qualified students from grades eight through twelve. Several concerts are given each year, with selections ranging from popular music to classical. The band contributes much to the half-time activities of the football games with its entertaining interpretations of music.

The Choral Department is composed of the Grainger High Glee Club, the Varsity Choir, the Eighth Grade Chorus, the Grainger High Singers and the new Grainger High Workshop. Members of the workshop combine painting, dramatics; and dancing talents with singing.

Aside from giving concerts and performing for civic organizations, the Choral Department also entertains at various military bases.

# ATHLETICS

“It’s not the score that counts, but how you play the game.” This has not been the most successful year in athletics for us, but there have been many exciting games. There have been many stars on our teams, but they would have been ineffective without the remainder of the players. We express our appreciation to all these teams and to the coaches who have directed their efforts.

Coach Amos Sexton's final season was one of his best. During this season the team won thirty-one consecutive games. They were defeated in the semi-finals of the state tournament, but returned the following night to set a new tournament record by scoring 104 points against East Mecklenburg. This victory gave them the third place position.

## PILOT CLUB GIRLS

These seven girls were chosen by a unanimous vote of the senior teachers to represent the Pilot Club, a business-woman's organization. Each girl attends one of the Pilot Club's monthly meetings. To be chosen as a representative is an honor each girl will long remember.

## JUNIOR ROTARIANS

An outstanding senior boy is chosen by the senior teachers each month to attend the Rotary Club luncheons. This boy is given an opportunity at his last meeting to speak briefly to the group. This experience is good training and better prepares the boy for a future in civic activities.

## Your Career and Your Future

Every 12 or 13 seconds, a baby is born in the United States. Nearly 300 new citizens join our ranks every hour. This rapid population growth and the constant increase in our standard of living have accelerated the need to produce more goods and services.

Companies like Du Pont, in turn, have increased research and development, constantly improving processes and facilities, in order to keep up with growing demands. These facts are significant to high school graduates planning to continue their education.

Your career and your future are closely linked with scientific progress. But, this progress can be maintained only if you prepare yourself today for the world of tomorrow.

Tony,

I just want to tell you  
how much I have enjoyed being  
in some of your classes this year.  
It has been a hard year, but  
maybe we'll pull through. I  
enjoyed your dance at Christmas  
and wish you would have  
some more just like it. I  
am sorry that we couldn't do  
the things we had planned for  
Jr.-Sr., but we still have three  
more years, I hope. I ~~am~~ will  
always remember you, and I hope  
you will never forget ~~me~~ me.

Love always!

"Brother,"

I have really enjoyed being  
with you this year at school and  
at Jr. Set and I hope to see you  
this summer. Stay as sweet as  
you are. (If you can)

Dear Tony,

I have enjoyed being in Civics  
this year with you and with luck  
maybe I will wind up in your class  
next year. You are a very nice and  
cute boy and I hope our friendship  
will continue.

Love ya!  
Mary Lou

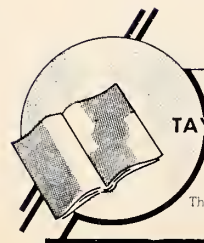

Long,

I sure have enjoyed being in your  
math Class this year. We've had lots of  
fun and gotten by with a lot. You are a  
very nice and sweet boy. Continue to be  
that way and you'll get along with every-  
one. If I'm not here next year I sure  
will miss you and your Nicky, Nicky,  
Nicky. (remember.)

I want to wish you the best of luck through  
your commercial course next year, frankly  
I'm scared to death. Loads of luck and  
lots and lots of wishes.

Love ya,  
Nicole Croom

Long.  
It has been lots  
of fun being in some  
of your classes. I'm sorry  
you didn't stay at the beach  
of fun. I think you missed  
a lot. Good luck to every  
one.
